Ball Haye Road, Leek ST13 6AU Free Parking & Disabled Parking Disabled Access
Throughout Building Opens Late Friendly Business Health, Fitness & Beauty Salon,
Hair Dressers & Bistro Onsite Welcome to Polished, my name is Natasha Simmonds
and I am a highly experienced Beauty Therapist who has over fifteen years
experience of working in the industry including 5 years working on cruise liners and
becoming a Spa Manager and Head Therapist. Having enjoyed doing make overs
and painting nails since a child I decided to become a beauty therapist so that I

could bring pleasure and benefits to others. I am qualified with a VTCT Level 3 NVQ Diploma in Beauty Therapy and Anatomy and Physiology. I am insured by BABTAC (British Association of Beauty Therapy and Cosmetology) and I pride myself on providing a relaxing, bespoke experience with excellent client care at the Daisy Haye Salon in Leek. Once I returned to the UK I was a dedicated full time Mobile Beauty Therapist servicing my local area with all their beauty needs, in 2016 I was approached to service the residents of the Daisy Haye Salon a few days a week. Due to such success, I am now full time at Daisy Haye Beauty Salon providing treatments to all the residents and the local public in the Leek area. In 2017 I started my training in Pilates with Pilates Training Solution, I have always had an interest in health and fitness working along side many fitness instructors over the years. I damaged my own back in 2013 and with the advice to start Pilates from my spinal surgeon and physiotherapist I started Pilates with Lyn at Pure Balance. I have loved every moment reeducating my body to work to its best ability and now have no back pain and avoid invasive spinal surgery. I have decided I would like to help other and add Pilates to my services at Daisy Haye, I started Pilates classes at Daisy Haye in March 2018 and at Pure Balance in May 2018. I have received a level 3 YMCA Awards (previously CYQ) in Clinical Pilates and Anatomy and Physiology. I have also completed a studio equipment and pregnancy course so my classes will be available to all abilities. I have also completed training in the following: A range of artificial nail systems including gel, acrylic, fiberglass extensions and overlays, body and facial electricals, Dermalogica and Guinot facials, Confort Zone and Thalgo body treatments, St Tropez and Fake Bake Tanning, Hotstones Massage and Absolute Aroma Oils. Unfortunately I do not provide all the treatments and products I have had training in but as you can see I have large knowledge range and will advice you on all I can help with.

THE REASONS WHY PEOPLE CHOOSE POLISHED Highly trained in health and beauty. Private salon for one to one treatments. Free parking with disabled spaces and an over flow car park for busy days.
