Peopley makes hiring easier for founder-led technology SMEs. We fix the recruitment challenges for tech SMEs who can't afford to hire the wrong people by building simple hiring systems to deliver stronger business growth better cash flow and a healthier culture. We generally find it's not a recruiting problem but usually business systems problem. If you are hiring more than 6 people in a year and spending too much on agencies we might be the ideal stop-gap between the time-consuming DIY route and a fully provisioned in-house recruiter. Peopley were shortlisted twice in 2020 for the Forum for In-House Recruitment Managers awards for Best Supplier Partnership and Best Candidate Experience.
