The Skinutrition Clinic in Coventry is a private clinic specialising in advanced corrective, restorative and anti-ageing skin & laser treatments and nutritional therapy. Services include a wide range of facial treatments including dermaplaning, microneedling and different types of chemical peels. Other skin treatments include skin tag removal, thread vein removal, pigmentation, red light therapy and non-surgical skin tightening. As a qualified nutritionalist, I can help with weight loss and sports nutritional advice, including meal planning. get in touch today to find out
