Hi, I'm Paul, the owner of Paul's Emergency Plumbing... (if I don't fix it, my mum hears about it). I'm not a massive company with call centres and hidden fees. I'm your local Norfolk neighbour, and when you call, you get me - someone who actually cares about fixing your problem quickly, affordably, and properly. I started this business for one simple reason: plumbing emergencies are stressful enough without worrying about the cost. That's why I offer a clear, £95 all-inclusive price for small emergencies. No nasty surprises, just an honest and fair price. Website: <https://paulsemergencyplumbing.co.uk/> Phone Number: 07449605522
